IM-185 REVISED sent to Commerce by OCD 7/11

25X1A9a [REDACTED] of OCD phoned asking whether it has been coordinated with OO/C. After phoning several people in OO/C, [REDACTED] of that branch came to G/SI to look the paper over to make sure that it had been coordinated. He stated that it had been coordinated and that he and [REDACTED] had worked together on it. He then said that OO/C "had no objection" to release of the IM to Commerce and, if necessary would submit a memorandum to that effect. This information was then telephoned to [REDACTED] who said it was not necessary to have a memo. 25X1A9a
